ACTION: Request OMB Emergency Approval; INSPASS Customer Satisfactory Survey.

The Department of Justice, Immigration and Naturalization Service has submitted the following information collection request (ICR) utilizing emergency review procedures, to the Office of Management and Budget (OMB) for review and clearance in accordance with the Paperwork Reduction Act of 1995. The proposed information collection is published to obtain comments from the public and affected agencies. OMB approval has been requested by June 30, 1997.

The Information Technology Management Reform Act (Cohen-1996), the Government Performance and Results Act (GPRA-), and the OMB Circular A-11, Planning, Budgeting, and Acquisition of Fixed Assets, dated July 1996, require the Immigration and Naturalization Service to provide a mechanism for evaluating and improving the customer service of the Immigration and Naturalization Service Passenger Accelerated Service System (INSPASS) program. To accomplish this task, the INS has contracted the services of the Electronic Data Systems (EDS) staff, specializing in survey construction and data analysis. The end of the INSPASS current period of performance is August 30, 1997, and the next scheduled new sight deployment date for INSPASS is November 7, 1997. It is imperative that the information collection be printed and distributed by not later than July 18, 1997, to ensure the EDS staff has adequate time to collect and analyze data to improve current and planned programs prior to deployment of new INSPASS sight and prior to the expiration of contracted services. The timeliness is critical, particularly if any improvements are necessary to the electronics of the INSPASS program. If granted, the emergency approval is only valid for 180 days.
